Products/Services

We provide you with the highest
quality filaments for all your
brush applications, plus global
delivery to ensure the most
cost-efficient production
in your local markets. With
manufacturing facilities that
span the globe and technical
experts in multiple languages we
make it easy to meet all of your
filaments needs worldwide.
From FDA-compliant colorful
filaments for oral care
applications, to long synthetic
tapered bristles for paintbrushes
and soft "natural- feel" filaments
for cosmetics, we provide a
broad range of product
development and manufacturing
solutions for your individual
product requirements

Products/Services

Provedora Mexicana de Monofilamentos (PMM) is a worldwide recognized company, specializing in the production of Quality Engineered Synthetic Monofilaments for toothbrushes, interdental brushes, cosmetic brushes and brushes for industrial applications.

The experience acquired during more than 50 years of operation, enables us to fulfill our customer's requirements by offering: personalized service, small lot sizes and one of the shortest lead times in the industry.

The quality of our products and processes, supported by our ISO9001 and ISO14001 certifications, along with the knowledge, experience and enthusiasm of our team has led PMM to occupy an important place in the brush industry.

The FM Brush Company is the world's premiere manufacturer of artist, cosmetic, craft, hobby and custom-made brushes. Originally established in 1929 by Fredrick Mink, the FM Brush Company has been creating high quality brushes for nearly a century. Since then, four generations of the Mink family have led the FM Brush Company to become a global leader in OEM brush manufacturing to top companies in the beauty and art supply industries.
